

English

We will be learning about a finding rescue story. Our focus will be the setting.

We will be learning about a persuasive letter. Our focus will on a town centre trip.

We will be comparing and contrasting poems.

Class readers: Why the Whales Came?
By Michael Morpurgo

Science

Our work will consist of living things and their habitats. We will study the life process of a living thing, identify the 5 animal groups and learn the difference between vertebrates and invertebrates. We will develop our understanding of food chains.

Maths

We will learn the following:
Shape Statistics Position and direction.

We are also practising our times tables in preparation for the multiplication times table check

Year 4 – Summer 2

How is life different at the seaside?

Music

Following the classical theme of music, we will listen to various composers, identify instruments and vocalists in songs.

Geography

Our work will focus on a geographical study of Clacton on Sea and we will compare this to Luton. We will expand our learning on rivers, the use of land and how some aspects have changed over time. We will take a trip to Clacton- on - Sea to further our learning.

PSHE

We will learn how we will grow and change. We will focus on health and wellbeing, how we grow and change through puberty.

Art

We will learn how to sketch landscapes and use watercolours

Computing

We will develop on prior learning from the logo unit and learn about the scratch programme to create animation games. We will programme the aviator to repeat movements through the game.

PE

Swimming

Cricket – striking and fielding

Athletics

RE

We will be exploring how people mark the significant events in life.
