

English

We will be looking at the plays of William Shakespeare with a focus on 'Macbeth'.

We will be learning how to develop and show character using dialogue, actions and descriptions in our writing and writing poetry. We will also be writing a discussion text about one of the key themes in Macbeth.

Our comprehension sessions will include a variety of texts from different genres.

Music

We will be learning to play two jazz pieces on the recorder. We will be composing our own jazz tunes.

Art

We will develop our drawing and painting skills.

We will be exploring how light, water and reflection can be shown in art.

Science

We will be developing our knowledge and understanding of electricity. We will be learning about electrical circuits and how to represent these as diagrams, using circuit symbols. We will be asking questions and investigating them.

Year 6 – Autumn 2

Geography

Does it matter where our power comes from?

We will develop our knowledge of different energy types and how renewable energy supports sustainability. We will learn about climate change and extreme weather.

PSHE

How can I manage relationships and influence?

We will learn that healthy relationships are built on trust, boundaries and respect.

Computing

We will be learning how to design our own website using Microsoft Sway. We will then move on to using Stop Go Animation linking with our English work on Macbeth.

RE

We will be exploring how Christians and people of different faiths respond to charity.

Maths

We will be focusing on:

- Dividing by 1 and 2 digits
- Fractions involving all 4 operations.
- Multi-step problem solving
- BIDMAS
- Introduction to percentages
- Regular arithmetic practice

French

We will learn how to describe our daily routine through practical speaking activities leading up to writing about our routine using key vocabulary accurately.

PE

Dance through the Decades

We will be learning to combine and perform a range of moves taking inspiration from different dances.

Adaptive Sport Challenges

We will learn about different Para-Olympic sports and develop our teamwork skills.
