

English

We will be writing instructions, using *How to Train Your Dragon* as a stimulus.

We will then focus on using speech punctuation through *A Christmas Carol*.

Music

We will continue practising different tunes on the toot, getting ready for a performance to families at the end of the term.

Computing

We are learning to use a range of techniques to create a stop-frame animation. We will develop our skills to add different types of media to an animation.

Art

We will learn about motifs and use different media before building our skills with using clay. We will learn about motifs and use different media before building our skills with clay.

Science

We will be learning to describe the simple functions of the main parts of the human digestive system and understand how they work together to help us digest food.

**Year 4
Autumn 2**

Volcanoes and Earthquakes: Is it worth living on a fault line?

Geography

We will be learning about what makes our planet active! This will include where, when and why earthquakes happen and how volcanoes are formed. We will consider the impact of these disasters and the response to them.

PE

Indoor PE: We will explore interpretative dance, using movement to express emotions and stories. Outdoor PE: We will learn how to play Boccia, focusing on tactics and decision making. Badgers will continue to swim until Christmas.

Maths

Addition and subtraction
(including column methods)
Area
Multiplication and division
(including times tables)

French

We will be learning vocabulary around the topic of school, including going to school, in the classroom and subjects.

PSHE

We will be focusing on the Zones of Regulation and building a toolkit of calming strategies to support our emotional needs.

RE

We will be learning about Christian life in Britain including what Christians believe, how they might choose to live and the sense of belonging Christianity can bring.
