

English

To continue developing writing skills and building up evidence of the children's writing.

Production

The children will develop their singing, acting and dancing skills.

DT

We will be learning how we can incorporate and use the 'crumble' computer technology to improve the design of our controllable vehicles, which we made last half-term. We will then be evaluating our designs.

RE

How and why do some people inspire others?
Examples from religions:
Hindus, Sikhs, Jewish people, Muslim

Science - Evolution and Inheritance

The children will continue to develop their understanding of how living things have changed over time. They will find out how fossils provide information about living things that inhabited the Earth millions of years ago. They will learn about the scientist Charles Darwin. They will also continue to develop their scientific enquiry skills.

Year 6 What's next? Summer 2

Geography

Each child/pair will be conducting a geographical research project about a country of their choice. This will be presented to their peers.

PSHE

We will be thinking about how different relationships might change as we get older. We will also be discussing other changes that will happen as we grow and become more independent, including the transition to secondary school.

Computing

In 'DT' pairs, the children will be using 'Crumble' programming, as an alternative, for moving their buggy.

Maths

The children will be using their skills to solve problems. They will investigate shapes and develop an understanding of simple algebra.

Mini-enterprises

In groups, the children will be setting up and running their own mini-business.

PE

Indoor – Dance

Outdoor – Sports Leadership
