

English

We will explore techniques to enhance our setting descriptions, both in diary entries and stories. Our focus will be on using relative clauses to add detail.

Music

We will be learning to sing and perform different genres of music in preparation for our Fair Trade Coffee Morning.

PSHE

We are learning about what decisions people can make with money.

Art

We will be learning how to draw using one point perspective. We use different media and produce a landscape picture.

Science

During this unit, children will learn the differences between different animals and their life cycles. They will be describing the differences between the life cycles of a mammal, an amphibian, an insect, and a bird. As well as this, describing the life process in some plants and animals.

Year 5

Why should we make things fair?

Summer 1

Geography

We will be learning about trade links around the world based on a few chosen items e.g. coffee, chocolate and bananas. We will investigate where food comes from with particular reference to fair trade and discuss how to promote ethically sound trade.

Computing

We will be exploring 'Vector Graphics' where children will be learning how to create vector drawings, using layered shapes and lines to create images.

Maths

Decimals
Long Multiplication
Long Division
Fractions with a focus on adding and subtracting
Please ensure that your child doodles three times a week.

French

We will be learning about school life, using songs, stories and games

PE

Indoor – Bollywood Dancing
Outdoor – Athletics

RE

We will be learning about justice and poverty and how faith makes a difference in relation to this.
